

South East Asia Technical Symposium on Electronics Assembly Technologies in conjunction with Vendor Show

Date: November 19-20, 2009

Venue: Matahari Ballroom, Equatorial Hotel Penang, Malaysia

1, Jalan Bukit Jambul

11900 Bayan Lepas, Penang, Malaysia.

Show Hours: 10:00 – 18:00

The SMTA membership is a network of international professionals who build skills, share practical experiences, and develop solutions in electronic assembly technologies, including microsystems, emerging technologies, and related business operations.

As Penang has the presence of many world's key electronics multinational corporations and local companies, with a large pool of professionals, it is beneficial to have an association that pursues professional development. The chapter is a non-profit organization.

The SMTA Penang Chapter is pleased to announce its latest technical event in Penang, Malaysia. The South East Asia Technical Conference on Electronics Assembly Technologies will be held on November 19-20, 2009 at the Equatorial Hotel Penang, Malaysia.

Free Technical Talks that relate to surface mount technology and future trends in electronics assembly will be concurrently organized.

In conjunction to this first-ever-organized international technical conference in the region, we will offer its second tabletop Vendor Show following its successful and overwhelming response last year. The Vendor Show is especially popular among our industry suppliers, as this two-days event is designed to showcase products of the industry users of SMT materials and services.

This show is an excellent opportunity to create and build brand awareness, increase your exposure, promote latest products and services. The objective is to share your knowledge on latest technology to the regional electronics and manufacturing industry professionals.

Visitors want to learn about the latest happenings in the industry, and the state-of-art technology. Thus, this is an important way for exhibitors to hype up your presence in the industry and create top-of-mind awareness, solicit new contacts besides selling your products and services.

We cordially invite you to participate in this South East Asia Technical Symposium on Electronics Assembly Technologies and Vendor Show.

Organized by:
