

Barrie Hall
Senior Vice President, Fulfillment,
Fujitsu Network Communications, Inc.

Barrie Hall is SVP Fulfillment at Fujitsu Network Communications, Inc. In this role, he leads an organization tasked with ensuring the highest standards in manufacturing and supply chain operations. He has spent more than 20 years driving manufacturing quality excellence and supply chain innovation throughout the fulfillment organization. He was instrumental in the company's adoption of the TL9000 Quality Management System and the implementation of Toyota Production System principles. Under Barrie's leadership, the Fujitsu manufacturing operation in Richardson has been recognized by Fujitsu in Japan for exemplary supply chain innovation.

Prior to his career at Fujitsu, Barrie spent 12 years in a number of manufacturing, product management, and program management roles at AT&T Micro Electronics, AT&T Federal Systems and AT&T Power Systems. Before moving to the telecommunications industry, Barrie spent 2 years in manufacturing roles at Colgate Palmolive.

Barrie holds a BSc in mechanical engineering from the University of Missouri and an MBA from Rockhurst University in Kansas City, Missouri. He is also a member of the Advisory Board for the University Of North Texas School Of Management, and the UT Dallas Supply Chain Management Industry Advisory Board.
