

SPEAKER: John Travis

TOPIC: AXI and MXI; How they complement each other

This presentation will introduce you to some of the cutting edge technologies in Digital XRAY tubes, Detectors, and 3D AOI and how those technologies translate into better more efficient defect detection.

John Travis is the Sales Manager for Nordson Dage and Nordson Yestech responsible for sales and X-Ray applications for the Northeast region. He has many years of experience with various applications and inspection techniques using digital x-ray imaging. He brings over 30 years of experience in the electronics industry and has been involved in application engineering and the sales of x-ray inspection equipment for the last 15 years.
