

Dr. Don Kinard

Lockheed Martin Senior Fellow

Dr. Don Kinard is a Senior Fellow for Lockheed Martin Aeronautics Production Operations and has been with LM for 35 years. Currently Don supports Digital Transformation at Aeronautics as well as other programs such as F-35. Prior to his current assignment he was lead for the F-35 Fighter Production System (rate transition) development for F-35 and earlier the Director of F-35 Production Engineering responsible for Joint Strike Fighter Tooling, Planning, Manufacturing Engineering, and Aircraft Systems Testing. Before joining F-35 in 2004 Dr. Kinard held various positions in both Engineering and Manufacturing during his 18 years on the F-22
