

# Michael D. Jones

Vice President — International, MicroCare Corp.

Mr. Jones is a Vice President of MicroCare Corp. and for more than 30 years has specialized in the field of critical cleaning. MicroCare supplies advanced cleaning chemistries, coatings and lubricants as well as the know-how to use these products properly and responsibly. Mr. Jones helps companies update their critical cleaning processes to reduce costs, improve productivity and boost quality while protecting the environment. These products help companies enhance their cleaning processes in industries as diverse as electronics, metal finishing, transportation, photonics, medical devices and aerospace.

Mr. Jones is married and is a veteran of the U.S. Air Force. He enjoys gardening, golf and is a certified pilot. He graduated from Columbia University (M.B.A., 1976) and Grove City College (B.A., 1973).
